TO REPUBLICANS.

The voters are organizing in all precincts. Volunteers now upon the eve of an important campaign. Work must not stop until the work of organization is complete, and every Republican is at his post. Enthusiasm and confidence between now and November next, will bring out the full vote of the party, and secure the election of the entire Republican ticket.

Republicans, be ready to meet the enemy at the polls. Let every Republican organization in the county be complete. Let every Republican be at his post. Let every Republican do his duty, and victory will perch upon our banners.

THE MIGHTY BULLETIN!

It was agreed within forty days after the Democratic State Convention that faithful assistance should be given the Germans and Sergeant had a consultation with Washington Hecht, who told the Germans that Sergeant would write a letter appearing to be a private one, but that it was to be published in the Bulletin. A Democratic State Convention would then be held, and the Germans were to demand that the Democratic platform should declare in favor of the principles of the Bulletin. If the Convention included only twelve Apostles instead of them now in the field, the Bulletin would have opposed the nomination of Horace Hall. Father Sharon says plainly to the Democratic portion of the Republican Convention, that the Bulletin would have cackled even as one hen in clods now.

That no grand oppressed citizen who are not mainly going to submit to the elections. The orders dictated by the Bulletin for denouncing an unworthy candidate greatly the assistance of Republishers of that paper in his campaign. It attached altogether not much importance to its circulation. Because it dislikes Sargent is that in which arguments against the Republican party. Republicans will not lose sight of the real issues set at the coming campaign, simply because the Bulletin misrepresents Sargent and Gonahan. They realize that the nominees of the Republican party are strong enough to secure the triumph of every principle they will be taken to the land and not their party by the sophisticated pleadings of the Bulletin's journal. The idea that at Convention of three men the ticket would be manipulated by Sargent and Gonahan is simply preposterous.

A careful examination of the signatures of E. J. Porter, Chairman, and W. H. Leland, Secretary of the County Central Committee, to the letter of notification to the delegates from Oakland Township to the Democratic Convention would disclose the fact that the signatures were forged. The Democratic party is wholly unworthy of confidence, and the Democratic Convention is a fraud and a swindle.

NOTICE.

We would ask the attention of voters to the many relatives of changing their residences from one precinct to another, just preceding the election. Any voter who has removed from one precinct to another since the last Governor's election will lose his vote on election day, unless he has registered. Parties who may remove from one precinct to another within thirty days preceding the election are, under the law, entitled to vote in the precinct where they shall have resided for thirty days. Persons removing from one precinct to another within thirty days preceding the election will lose their votes. Voters, however, who may remove from one precinct to another within thirty days preceding the election are, under the law, entitled to vote in the precinct where they shall have resided for thirty days. Persons removing from one precinct to another within thirty days preceding the election will lose their votes.

A RUMOR is abroad to the effect that Senator Sargent has received a letter from Chairman E. J. Porter, Chairman, and W. H. Leland, Secretary of the County Central Committee, to the letter of notification to the delegates from Oakland Township to the Democratic Convention would disclose the fact that the signatures were forged. The Democratic party is wholly unworthy of confidence, and the Democratic Convention is a fraud and a swindle.
